Immortal Runesteal

Written by Senatious

Sunday, 18 November 2007

A new weapon has been introduced exclusively to the store: the Immortal Runesteal blade.

Runesteal is a special weapon; it has the power to steal enchantments and enhancements. Upon killing another player, it has a chance to steal one if its victims item's magical properties, replacing your Runesteal's current prefix/suffix, and removing it from the victim.

To find out more about it, visit the weapon itself [here](#).

Soon enough, the Runesteal will be gettable in-game.

The Horizon Bleeds Through...

Written by Senatious

Sunday, 11 November 2007

For over a year, the citizens of Midvale have fought against the invaders to the east, the armies of Emperor Barrius. In that time, they have battled to free the Castle Visterri of its curse. They have attempted to understand the ravings of an old lunatic high within his tower, who once claims to have seen a demon. They have ventured deep within the Empire infested catacombs east of town, and defeated two of its Generals. Many battles have been fought over powerful creatures, who harbor artifacts of forgotten ages. A mystical fort has been under competition between warring factions. And the Champions have risen to fight for their beliefs; be they good or evil.

But the Empire will not be so easily ignored.

On December 1st, the land of the fall is upon us.
